DETAILED ACTION

Claim Rejections - 35 USC § 103

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claims 1, 2, 10, 11-14, 49-56 and 60 are rejected under 35 U.S.C. 103(a) as being unpatentable over Matchett et al. (US 5229764) in view of Bogosian, Jr (US 5513272).

With respect to claims 1, 2, 10, 11-14, 49-56 and 60 the rejections are respectfully maintained and incorporated by references as set forth in the prior office action (paper # 4).

3. Claims 7-9, 20 and 21 are rejected under 35 U.S.C. 103(a) as being unpatentable over Matchett et al. (US 5229764) in view of Bogosian (US 5513272) and further in view of Applicant's admitted prior art.

With respect to claims 7-9, 20 and 21 the rejections are respectfully maintained and incorporated by references as set forth in the prior office action (paper # 4).

4. Claims 15-19 are rejected under 35 U.S.C. 103(a) as being unpatentable over Matchett et al. (US 5229764) in view Bogosian (US 5513272) and further in view of Bidiville et al. (US 5703356).

With respect to claims 15-19 the rejections are respectfully maintained and incorporated by references as set forth in the prior office action (paper # 4).

5. Claim 22-24 are rejected under 35 U.S.C. 103(a) as being unpatentable over Matchett et al. (US 5229764) in view Bogosian (US 5513272) and further in view of O'Connor et al. (US 5838306).

With respect to claims 22-24 the rejections are respectfully maintained and incorporated by references as set forth in the prior office action (paper # 4).

Claims 61, 67-70, 71-78 and 79-81 are rejected as claims 1-24 and 49-60, because claims 61, 67-70, 71-78 and 79-81 are claiming similar subject matter as claims 1-24 and 49-60.

6. Claims 57 and 58 is rejected under 35 U.S.C. 103(a) as being unpatentable over Matchett et al. (US 5229764) in view Bogosian (US 5513272) and further in view of Axelrod et al (US 5337358).

With respect to claims 57-58 the rejections are respectfully maintained and incorporated by references as set forth in the prior office action (paper # 4).

Allowable Subject Matter

7. Claim 59 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

8. In the amendment filed on 10/09/2001, applicant argued that:

a. The references fail to suggest an authorization profile and also applicant gave a definition of the authorization profile, (see page 5, section D1). Examiner would like to point out that claim language is given its broadest reasonable interpretation. And, the specification is not measure of invention. The claim 1 did not include the definition of the authorization profile. Also, Bogosian reference does authenticate the individuals for a use of an ATM, the use of the ATM is restricted to the specific users i.e. the users with the authorization profile stored, (see figure 1).

b. The references fail to suggest a audit log for storing the user identification information and attempted transaction information in response to a denial of access to perform a specific transaction, (see page 8, paragraph 3). Examiner disagrees with the applicants arguments, because Bogosian in col. 5, lines 24-33, states that if a users fingerprints does not match “denial

of' to the stored fingerprints the fingerprints will be stored, for the purpose of determining any criminal activity. Also, the recording of the fingerprint corresponds to the unsuccessful attempt i.e. "attempted transaction" as claimed.

9. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
